Upheaval in Najaf! Shrine of "Fifth Angel" Imam Ali

Dateline: Armageddon!

In "Some Answered Questions" 'Abdu'l-Baha explains that the "fifth angel" prophesied in the Book of Revelation is Ali, the establisher of Muhammad.

These current upheavals centered in the Shrine of Imam Ali in Najaf, Iraq, fulfill the Great Portent and Sign spoken of throughout the Book of Revelation concerning the fifth angel, Ali, and establish the timeline for the prophetic events that are now being fulfilled.

"Then I saw another portent in heaven, great and wonderful, seven angels with seven plagues, which are the last, for with them the wrath of God is ended." (Rev. 15:1 RSV)

"The fifth angel [Ali being symbolic of the period following Najaf upheavals] poured his bowl [nuke] on the throne ['seat' - KJV] of the beast

[UN Building in New York City], and its kingdom was in darkness [power outages from EMP, similar to New York blackouts last year which spread throughout the country]; men gnawed their tongues in anguish and cursed the God of heaven for their pain and sores [radiation burns that do not heal], and did not repent of their deeds [that is they will not stop the war of terror, but will only increase

it!]" (Rev. 16:10 RSV)

The Bible goes on to connect these disasters and manmade destructions of this war over oil and religion to the region through which the Great River Euphrates flows, which is of course Iraq, as we have stated that all these things would come to pass just exactly as prophesied, since the early 1990s.

Update September 2004

The following is the first of a series of updates on current world events as they relate to the book, "King of Terror" which can be read at:

Bush extends postponement of elections

By Victor

To keep up with the steady stream of events that continue to be fulfilled, step-by-step, in the scenario that is laid out in the book, 'King of Terror', a series of updates were used while the book was being written. Now that the book is finished, current events continue to be current and eventful; thus this section of the newsletter.

As written and attested to in the book as well as cited in our press releases that date as far back as 1992, the call from the Bush administration for a "postponement" of the elections in case of a major terrorist attack (such as the nuking of New York) has just been "extended." The Associated Press reported on September 10:

"Ridge [Head of Homeland

Upheaval

According to 'Abdu'l-Baha the sixth angel is Quddus, who is buried in the shrine in Barfurush, Persia, which is modern day Iran. This shows us how Iran will be brought into and embroiled in this current situation as well. All the nations of the world will eventually be consumed by this terrible war in a much worse condition than that which already exists now, as a result of the nuking of New York City and the retaliatory and spiteful response of the USA.

John Kerry is campaigning against President Bush, and shows that their difference is that Kerry promises a "sensitive" Armageddon, as opposed to Bush who only offers plain old Armageddon. In either case, as Bush has stated, this "war of terror" is really un-win-able, but he added that conditions can be created to lessen the threats of terrorism. What he means by this is now that the U.S. has entered the role of occupier of the Middle East, on behalf of the big money banks and corporations of the Industrial Military Complex (that Eisenhower warned us all against), this war is never to end at all, but shall live in a perpetual condition of wartime economy and wartime economic slavery.

This is everything that Dr. Leland Jensen foretold, from both the Baha'i sacred writ and the prophecies of the Bible. Fools saw him as someone who cried "Wolf!", but now the Great Wolf of World War and Hate spoken of as "Fenrir" in the Scandinavian Legends and prophecies of the Ragnarok – the day when the world is wrecked – has manifested itself and torments the lives and homes of every man, woman and child on the planet. Those who denied, wrote off and lampooned Dr.

Jensen, who came to save them from their own self-destruction by turning the people to the true Covenant of Baha'u'llah, will one and all be devoured by this very same "wolf" NOW unleashed by Bush from the Great River Euphrates that flows through Iraq.

No matter who wins this election – or even if Kerry does "win" but Bush pulls a fast one and remains in office – or Kerry is allowed to take office – it will not matter. The prophecy of God shall be fulfilled, and one third of mankind shall die in one hour of thermonuclear war, with every American city population of 100,000 or more to be destroyed.

“All the nations of the world will eventually be consumed by this terrible war in a much worse condition than that which already exists now, as a result of the nuking of New York City and the retaliatory and spiteful response of the USA.”

This upheaval in Najaf, the Shrine of the "fifth Angel" Ali, is clearly foretold as one of the last signs just prior to the nuking of New York. Similar to "Chernobyl" being the Russian/Ukrainian word for "wormwood" which shows us the prophecies in Revelation pertaining to the nuclear fallout, these prophecies concerning Ali and Quddus (Iraq and Iran), the fifth and six angels respectively, are fulfilled to the very letter.

Other than coming under the Provisions of the Covenant of Baha'u'llah and recognizing the true Universal House of Justice with the Davidic Kingship as its president and executive, this dying world has no hope. No hope except for coming into compliance with the everlasting Covenant of God.

After this catastrophe of ever-increasing proportion has passed over, all the survivors, with palm branches in their hands symbolic of surrender, will come forward and say: "We surrender! The ways of Man have failed! We chose the ways of God! Not My Will O Lord, but Thine!" (Rev. Chapter 7). Then shall the Lesser Peace, and the Most Great Peace, both of the kingdom, be established on the earth as it is in heaven.

Baha'u'llah fulfills prophecy for the second coming of Christ.

If you have not already, investigate now before it is too late. ☞

And there was Light

At the 2004 International Baha'i Gathering

By Kay

It seems the power of God's Light always has a way of overcoming the darkness. This year's gathering of Baha'is Under the Provisions of the Covenant held in Colorado from August 6 to August 9 was no exception.

A power outage across this little town nestled among the Rockies where friends packed the Baha'i Center at a Holy Day feast for the Ascension of the Establisher found a room full of people prepared to read the writings by candlelight. Moments before the opening prayer, to our delight the power came back on.

The next two days, Aug. 7-8, the friends met at the home of a believer atop a mountain alongside a deep red canyon, where we shared more good food and insights, and watched a video series of information presented by Dr. Len Horowitz, author of the bestseller "Emerging Viruses: AIDS and Ebola" as well as "Healing Codes for the Biological Apocalypse".

Horowitz's extensive research draws startling conclusions about the creation and use by the world's wealthiest policy-makers of biological weapons that resist antibiotics in order to systematically eliminate half the world's population, and electromagnetic technologies used to unleash them. In a two-part video titled: "Death in the Air: Global Terrorism and Toxic Warfare", produced months prior to the September 11, 2001 attack on the world Trade Towers, Horowitz asserts that human beings the world over are being made victim to mind control and

chemical and biological experiments ("non-lethal warfare") covertly conducted by the pharmaceutical industrialists and international investors. But like other presentations that expose the insidious deeds of those working counter to the Plan of God, and whose research has its merits, it fails to offer a genuine Remedy to the world's ills—Baha'u'llah's Revelation.

As God is merciful even these evil ones will have their chance to awake to everlasting Life, turn to God and His Covenant. Or, to everlasting shame and contempt and continue in their ways. Coinciding with the Remedy, the earth and its inhabitants will go through four purifying winds of destruction unleashed from the center of current conflicts (Rev. 9:14), and which promise a "new heaven and a new earth" and happiness to those that submit to the Will of God.

(Rev. 7, 21:1) *Gathering, cont. p. 5*

"Immediately after the tribulation of those days the sun will be darkened, and the moon will not give its light, and the stars will fall from heaven, and the powers of the heavens will be shaken; then will appear the sign of the Son of man in heaven, ... and he will send out his angels with a loud trumpet call, and they will gather his elect from the four winds,..." (Matthew 24:29-31)

"And many of those who sleep in the dust of the earth shall awake, some to everlasting life, and some to shame and everlasting contempt. And those who are wise shall shine like the firmament; ..." (Daniel 12:23)

World

Security] also extended – from his previous statements – the amount of time the United States should be on guard against a possible al-Qaida attack designed to disrupt the democratic process – from the No. 2 Election Day to the presidential inauguration scheduled for Jan. 20.”

As we had already written, the plan for the possibility of an attack before the election would do away with the election and Bush would stay in power, declare Martial Law and institute the “Shadow Government” of which General Tommy Franks said would “militarize” the government, and the U.S. Constitution would be discarded. But as far back as 1992 Neal’s press releases (as cited in the book) stated: *“Bush, at the head of his New World Order, would welcome such a move [the nuking of New York City and the UN building], like Roosevelt that allowed the Japanese to bomb Pearl Harbor to get America to unite and enter World War II [and the 9-11 which roped the people into the Gulf War II, 2003]. This situation is critical. Should this scenario take place, Bush could rally all the nations to back his World Order especially the people of this country. He would call for a state of emergency dismissing Congress, laying aside the Constitution and keep the Electoral College from meeting on December 14th. The electorates of New York would either be dead or so badly burned that they could not attend to cast their votes... Thus Bush would remain President.”*

The December 14th date is within this new extended time period that is being warned of now, and amazingly is Nostradamus’ Birthday (December 14, 1503) which last

year was the date Saddam was captured, exactly 500 years later. If it should happen that Kerry were to be elected, the warning from Ridge is that even though Kerry is the new President Elect, Bush would stay in power.

The other development, which we spoke of last year, was the possibility of North Korea testing a nuke. It was reported on September 9 of this year that a huge mushroom cloud two and a half miles wide rose from out of the northern region of that country. It is continuing to be reported that it was not a nuke test, yet this explosion made a crater large enough to be seen from space.

“As we had already written, the plan for the possibility of an attack before the election would do away with the election and Bush would stay in power, ...”

The reason we said last year that this might take place was because September 9 is the anniversary of the establishment of North Korea in 1948. This is traditionally a date that is used by the North Koreans to stage performances and other events to bolster loyalty among the North Koreans, and was feared last year to be the date they might test one of their weapons.

This explosion is being denied by both sides as being a nuke test, but no type of conventional explosives could produce this type of explosive force, this size of a mushroom cloud and this large of a crater. North Korea is saying this was not a nuke test but the demolition of a mountain to make way for a hydro-electric plant. What kind of single explosion can demolish

an entire mountain? No, it wasn’t a nuke test, it was the practical use of a nuke; the testing phase had already been accomplished. It was reported that at 11 p.m. on Sept. 8 and then at 1 p.m. on Sept. 9 there were two separate large underground explosions that created shock waves that were able to be read on seismic instruments. These were the tests. It’s all semantics to avoid an international incident that the U.S. cannot afford to deal with now as the U.S. military is spread thin enough as it is. With the onset of the nuking of New York and the implementation of Martial Law and the need to wage war on a greater scale, Bush will then reinstitute the draft as in World War II, and will then be able to broaden the horizons of this global war.

Dividing Wall, bogus UHJ to fall, prophecies say

By Adam

It appears there is but another brick in the road leading the people toward Armageddon.

In Isaiah, Chapter 22, we find a prophetic vision surrounding current events in Israel concerning the ongoing construction of a Dividing Wall by the Israeli Army to separate out the Palestinians from any territory that Israel wants to secure.

The construction of this wall has been found to be against International Law, but that doesn't make any difference and construction continues. Many homes and agricultural areas have been destroyed, and at least hundreds of people have been displaced from their homes due to the construction of this wall:

"In that day you looked to the weapons of the house of the forest, and you saw that the breaches of the city of David were many, and you collected the waters of the lower pool, and you counted the houses of Jerusalem, and you broke down the houses to fortify the wall." (Isaiah 22:8-10)

Earlier in this chapter, Isaiah sees the wall being destroyed:

"For the Lord God of hosts [Baha'u'llah] has a day of tumult and trampling and confusion in the valley of vision, a battering down of walls and a shouting to the mountains." (Isaiah 22:5)

Further on it seems that the vision focuses in on Haifa, the site of the bogus Universal House of Justice

"They have desired to ascend unto that state which the Lord hath ordained to be above their stations... Whereupon the burning meteor cast them out from them that abide in the Kingdom of His Presence."

—Tablet of the Holy Mariner

one so-called "Hand" and "steward", Varqa, remains:

"Come, go to this steward [Varqa], to Shebna, who is over the household, and say to him: What have you to do here and whom have you here, that you have hewn here a tomb for yourself [the bogus UHJ on Golomb Avenue], you who hew a tomb on the height [Mt. Carmel], and carve a habitation for yourself in the rock? Behold, the Lord will hurl you away violently, O you strong man. He will seize firm hold on you, and whirl you round and round, and throw you like a ball into a wide land; there you shall die, and there shall be your splendid chariots, you shame of your master's [Baha'u'llah's] house. I will thrust you from your office, and you will be cast down from your station." (Isaiah 22: 15-19)

"They have desired to ascend unto that state which the Lord hath ordained to be above their stations... Whereupon the burning meteor cast them out from them that abide in the Kingdom of His Presence." (Tablet of the Holy Mariner)

Following this, Eliakim appears, who is a representation of the return of Jesus the high priest: *"And I will place on his shoulder the key of the house of David; he shall open, and none shall shut; and he shall shut, and none shall open."* That is, as the "Hands" and the Headless UHJ are cast down, the explanations and commentaries of the return of Jesus, Dr. Leland Jensen, will be raised up before the eyes of the people during the Projection of God's perfect message to all of the peoples and kindreds of the earth.

Gathering, (cont. from pg. 3)

At the conclusion of the Gathering, on Monday, August 9 friends met and held a pot luck commemorating the first full day the Establisher of the Baha'i faith, Dr. Leland Jensen, spent in the "stone with seven eyes" against his will, fulfilling prophecy in Zechariah, Chapter 3, and whose mission was to bring forth the BRANCH (Davidic kingship):

"Hear now, O Joshua the high priest, ... for, behold, I will bring forth my servant the BRANCH. For behold the stone that I have laid before Joshua; upon one stone shall be seven eyes: behold I will engrave the graving thereof, saith the Lord of hosts, ..." (vs. 8-9, KJV)

Clouds or Chemtrails?

By Reg

On a clear day, you might have seen forever. Not anymore. On an otherwise cloudless day can now be seen sprawling streams of white fluff spread far and wide against the deep dark blue. What are they? Clouds? Contrails? Last month, I, and three other local Colorado Baha'is found out what they are when we attended a talk on "Chemtrails".

Organized by a local man who has been through the firesides but has not yet declared himself a Baha'i, and compiled by Clifford Carnicom, the presentation was mainly a video of information on the chemtrails phenomenon. I have a copy on DVD for distribution.

What are they?

Chemtrails are the contrails of jets that become spreading clouds of vapor that linger as opposed to normal contrails—trails of white vapor that stream from jet engines—that dissipate in seconds. I've followed the chemtrail stories since a Montana Baha'i introduced me to the idea a number of years ago. Much of the scientific research that exposes chemtrails as a government conspiracy was done by Cliff himself.

If you go to his site, www.carnicom.com (Cliff's Web site is the most informative and is scientist friendly as well, with abundant information on the contents and potential purpose of chemtrails given in scientific terms), you will undoubtedly see the photographic and scientific testimony yourself. In a nutshell, what Cliff, and now many others, are saying, is that the

with various corporations in the spraying of aerosols, such as chemicals, fungals, bacterials, possibly virals and minerals from large specially-equipped jets.

Concerned citizens have reported health effects, and found gobs of strange goo and spider web-like filaments along with metallic particles that can be seen shimmering in the sunlight from the spraying. In addition, Cliff has done tests on changes in the conductivity of the air and on the goo, the filaments and the metals. Some tests involved the capture of air samples, by Cliff and volunteers, into filters for examination.

Cliff, in his presentation, said he believes with good cause that the HAARP (High Frequency Active Auroral Project) program is one of the beneficiaries of the chemtrails aerosol project. In the U.S., the project is located in California and Alaska. Russia has a similar program.

What HAARP projects do

HAARP experiments variously heat the ionosphere, create wave mirrors for reflection of ELF (extremely low frequency) energy, lenses for the amplification of ELF energy, carriers for high frequency communication products, causing earthquakes, manipulation of weather, destruction of submarines at sea, control of the mental state of the populace and other harmless meddling into the lives of God's creatures. HAARP is most likely a super weapon of nearly unimaginable power.

What I have managed to find out about HAARP leads me to believe that it is one of Nicola Tesla's inventions and that he referred to it as a

death ray, saying he would demonstrate it to the world. Tesla's funding by George Westinghouse and J.P. Morgan was cut off about the time he started speaking openly in public about his death ray. Who owns Tesla's death ray now? Do a search on Tesla to find more.

Some believe that the explosion over the Tunguska area in Siberia on June 30, 1908 was a result of a test of Tesla's death ray. He announced that he was going to test the death ray prior to that time. His object was to make a splash that couldn't be ignored. For more information about this, check out <http://www.tmeg.com/artifacts/tunguska/tunguska.htm>. Also, do a google search for Tunguska and you will find an amazing array of statistics, stories, eyewitness accounts and discussion of scientific aspects. The sheer magnitude of the explosion is mind-boggling. It was accompanied by AURORAL phenomenon in the days before and after. Does that sound like a HAARP to you?

After the presentation where about twenty people were in attendance, I, and about seven other people stayed to talk with Clifford and his wife. We discovered that all but one of us had lived in Missoula, Montana at one time or another and the one who hadn't lived there had visited there. Ground Zero (Missoula) figures prominently in all our lives. While there, most of us had had some very serious health issues that we all attributed to the Rocky Mountain Virus Research Lab. Cliff indicated that Missoula was one of the first areas

Chemtrails, cont. pg. 7

Chemtrails

to be experimented on by these various projects.

Human experiments without consent

At one point in the discussion, one of the Baha'is brought up Title 50 of U.S. Code Annotated, and pointed out that it permits the government to perform experiments on the citizens of the U.S. without their consent. He suggested that mention of Title 50 should be prominent in Cliff's expose of the chemtrail phenomenon. And until that law is changed, we have no defense at all against being used as guinea pigs by the U.S. government. They could kill most of us and say that it was an accident, and prevent us from investigating, saying that it was classified information and get away with murder.

A corrupt U.S. Constitution?

Another idea that was introduced and discussed was the evil perpetrated by "corporate personhood". Corporate lawyers (acting as both attorneys and judges) subverted our Bill of Rights in the late 1800s by establishing the doctrine of "corporate personhood"—the claim that corporations were intended to fully enjoy the legal status and protections created for human beings. After the Civil War, a pair of amendments to the U.S. Constitution, 13 and 14, reduced the position of the human being under the constitution to that of person or second-class citizen, as opposed to the sovereign human that the rest of the constitution protects. The alleged purpose of the 13th and 14th Amendments was to provide a transitional status for recently freed slaves who were then becoming U.S. citizens. The problem is that U.S. citizens who agree that they are under the legal definition of "person" are not entitled

Most laws and paperwork refer to nearly everyone as a person.

The Baha'i solution

The information presented about these corrupt aerosol operations paints a grim picture of the future of mankind. Were it not for the knowledge of Baha'u'llah's solution, a person couldn't help but feel there is no hope. We can thank God that there does exist a viable, tangible solution to this and all the other ills that plague us. The second coming of Christ, Prince of Peace, Baha'u'llah, brought a plan for Justice that is the answer to the Lord's Prayer: "*Thy Kingdom Come, Thy Will be Done, on Earth as it is in Heaven.*" So we can be sure that without a doubt, God has a Plan that will extinguish these ills and in time refresh and gladden not only the hearts and minds of all who love God, but the earth as well.

Baha'u'llah's holistic Revelation includes a practical peace Plan centered around a true Universal House of Justice (UHJ) with the Davidic kingship as its executive president or Guardian—a world legislative body imitated several times by various world leaders who failed to proclaim Baha'u'llah, and therefore failed to bring peace. Baha'u'llah's true UHJ in its first of four stages of evolution is alive and functioning in the world today in fulfillment of every provision of Baha'u'llah's Covenant and blueprint, and according to the Will and Testament of His Successor and Center of the Covenant, 'Abdu'l-Baha. Because of mankind's failure to turn to God and to the Prince of Peace, four purifying winds of destruction are slated to be released from the Great River Euphrates (Rev. 9:14) that flows through Iraq—the very center of the ongoing battles in the Mid-east today, and from where Baha'u'llah had

Proclaimed himself in 1863. During the first wave of these catastrophes that are to take place—a full-scale thermonuclear destruction of all major cities of populations of 100,000 or more—the very factories that produce these sickening and lethal chemical agents will be completely obliterated. In the Kingdom capitalism will be bridled and industry will be in harmony with the earth. And those responsible for these atrocities will answer to God for the destruction their hands have brought. Praise be to God, for He is God! ب

"They shall hunger no more, neither thirst any more; the sun shall not strike them, nor any scorching heat. For the Lamb in the midst of the throne will be their shepherd, and he will guide them to springs of living water; and God will wipe away every tear from their eyes." (Rev. 7:16-17)

World, (cont. from pg. 4)

The reason we said last year that this might take place was because September 9 is the anniversary of the establishment of North Korea in 1948.

The next period of time that is coming this month is the Jewish festival of Rosh Hashanah starting September 15, and is a 10-day period ending with the Day of Atonement or "Yom Kippur" on Sept. 25.

Sept. 25 is also the eight-year anniversary of the Pentecost of the Establisher, Dr. Leland Jensen, which was the 50-day time period from his ascension on August 6, 1996, when the entire UN assembly was notified of this message for the first time. ب

“Therefore are they before the throne of God, and serve him day and night within his temple; and he who sits upon the throne will shelter them with his presence. They shall hunger no more, neither thirst any more; the sun shall not strike them, nor any scorching heat. For the Lamb in the midst of the throne will be their shepherd, and he will guide them to springs of living water; and God will wipe away every tear from their eyes.”
