Haifans Attack!!

In the wake of the great first Court victory in Montana, now the party of the Covenant-breakers, masquerading as the "UHJ" as set up by the leprous white violating "Hands" have begun their first volley of attack against the true Universal House of Justice of Baha'u'llah with the Davidic King, the great grandson of 'Abdu'l-Baha as its president. These thieves and scoundrels masquerading illegally in the name Baha'i since the passing of the beloved first Guardian, Shoghi Effendi, 1957, have now begun to draw the FINAL line of battle, simultaneous with the "King of Terror's" march of advancement through the Middle East and hostile oil

takeover of Iraq, from out which "the Great River Euphrates doth flow (Rev. 9:14)."

The precedence set by our first major victory states unequivocally that in order to decide a case such as this, the CHARTER of the sacred Will and Testament of 'Abdu'l-Baha must be

referred, which is forbidden in United States Law as guaranteed by the first amendment. What this means is that any court and any judge in the US would have to decide who is the true Universal House of Justice of Baha'u'llah which is only designated as such with the living heir of

Guardian to sign "The Indictment" putting it into legal effect

The publishing of the Most Mighty Document in its final format will include "the Indictment" which the Guardian, Neal Chase Ben Joseph Aghsán, plans to have signed and legally notarized this year, on the Day of the Covenant or Ascension of 'Abdu'l-Baha, thus having the Executive Branch put it into legal effect.

The Indictment was issued by Dr. Leland Jensen in 1979, charging the violators with breaking the everlasting Covenant (see The Most Mighty Document). The Guardian's signature puts this charge into effect for the

protection of the Cause against the violators of the Covenant, in the same way that the President's signature in the United States puts a law into effect.

The legal issuing of the Indictment by the Executive Branch will be one of the highlight historical mile markers of the year 2003. Courts and Judges pass rulings and orders, but the Executive branch has the legal power thereby granted to place them into effect as binding law subject to enforcement and repercussion.

Haifans

David's throne as its President. They would have to read the Will and accept the legal adoption of Mason Remey AGHSAN by his father 'Abdu'l-Baha. Thus the shield of the Montana First Amendment precedent states that the Haifans should be turned back at the very gates, with the case being thrown out of court, even as the first case and assault was thrown out of the Montana Courts.

Who can say where this will lead, other than the ultimate victory and triumph of the Cause foretold in the sacred scriptures of all the world? Will it be thrown out of court like the last case was? Will they bribe and pay off courts and judges with their untold millions of looted riches? As the Haifans mount their attack, the first band of violators, persons who some of us thought we knew so well, that have turned and mutinied from within, still advance their financial drain upon the impoverished community of the Covenant. As the forces of evil gather the international armies of the world to invade the Middle East in the war over oil and religion, what few champions and stalwart teachers are left to defend the Divine Citadel, which again has come under the heaviest and most devastatingly imaginable of attacks!

"O my Lord! Thou knowest that the people are encircled with pain and calamities and are environed with hardships and trouble. Every trial doth attack man and every dire adversity doth assail him like unto the assault of a serpent. There is no shelter and asylum for him except under the wing of Thy protection, preservation, guard and custody.

"O Thou the Merciful One! O my Lord! Make Thy protection my armor, Thy preservation my shield, humbleness before the door of Thy oneness my guard, and Thy custody and defense my fortress and my abode. Preserve me from the suggestions of self and desire, and guard me from every sickness, trial, difficulty and ordeal.

"Verily, Thou art the Protector, the Guardian, the Preserver, the Sufficer, and verily, Thou art the Merciful of the Most Merciful."

The Cause of God shall ever triumph! The free people of the world shall no longer be restrained or repressed, particularly in their freedom of worship and expression to teach the Cause of Truth to all others who come forward with a hearing ear.

The 4000 years rulership of Nimrod has come to an end. Yet the forces of evil shall not die out without a last fight. The Kingdom of God with David's throne at the helm shall prevail. We shall elect the Supreme Tribunal and bring peace to the world.

Though we stand abandoned by some, God almighty has raised up many, many others to replace them, for the work in the vineyard is much. Even as Gideon's handful won at the time of their battle on the fields of Armageddon, so we, by the spirit and power of God shall overcome and prevail against this unimaginably large monstrosity posing fraudulently as Baha'i. Even if we are forced to fight this battle pro se, and learn the law ourselves, we shall never back down or surrender. Ultimately the Cause will triumph—it shall triumph as sustained by the lives sacrificed in the path of the Beloved today, even as it has triumphed by the lives sacrificed in the path of the Beloved in Persia in the past.

Further updates to come, as we await the arrival of the 144,000 promised ones to come to our aid, in this final yet bright hour, we turn to God for He alone is the Help in Peril and the Self Subsisting!

MESSAGE FROM THE GUARDIAN

Saturday, November 22, 2003

Dear all,

As we have been fully expecting this most recent attack, we have also had our response ready for quite some time as well.

This attack will further agitate the Baha'i world and continue the projection of our message of the Davidic Kingship being the way to recognize the true IBC/UHJ. This message of the Kingdom of God (Davidic) first projected throughout the ranks of the BUPC separating the faithful from those who chose to defect to the enemy camp. In doing this, the message was projected to the people outside the circle of those educated by Dr. Jensen, and into the arena of the civil courts in Montana as well as into the arena of the other Covenant-breaking pseudo-guardian groups of Marangella and Donald Harvey/Jacques Soghomonian as given in the seven churches. Likewise the violators of 1991, and the y2k upheaval were all informed of the truth and so choose their own fates after having received the glad tidings of this great message of the Day of the Re-Gathering of all the peoples. Another result of that first wave of projection was the thorough education of our lawyer to defend the Covenant in a legal setting. This first case which was won, really served as an education and training for this current case against the mainstream violators. See how God prepares us and those who He chooses to serve Him, so that their service will be impeccable at the threshold of His Door.

Now with the Haifa-NSA suit, our message of the Kingdom and Catastrophe projects into the heart of the violators of the camp of Ruhyyih Khanum and the "hands" and the headless monster so-called "UHJ" on Mt. Carmel on Golem street. This is simultaneous with the Mideast war over oil and religion as well.

For this reason, we as a unified Baha'i people, bound and connected through the provisions of the Covenant, have come to that part in the course of the development of the faith where the test has been increased and we can arise to finally stave off the main camp of violators who have usurped from both Wilmette and the Holy land.

This next battle is paramount! As we are in the right we cannot loose. But this war for the truth is a war of attrition, meaning that who ever can outlast in the end shall prevail. As we are empowered with the truth of God, the everlasting promise to King David, the power of the Covenant, the proofs as given by the promised and sacrificial Lamb, we will prevail as we stand for the physical symbol of God's will on earth in this day, for the safety, security and salvation of all the people of the world.

The Baha'i Faith is not a spectator sport, but a Cause from God where all good people are called to spiritual arms to defend and maintain the spiritual connection between God and man faithfully down throughout every and all generations.

God has blessed our community with staying power! He has allowed us as a people to "dig in" and be safe and secure materially, financially, mentally and spiritually within the strongholds of His Kingdom, both in the high Rocky Mountains and in the first amendment protected United States. Were we to loose this battle by default for not being able to respond to the minions of the evil leprous white "Hands", we would eventually find that our way of life, our material blessings and our personal spiritual blessings would be overthrown as well. But this will not happen! We will not let this happen. Jesus did not give his life on the cross, and the Bab and 10,000 Bábis and Baha'u'llah and 'Abdu'l-Baha 40 years in prison and 20,000 Baha'is from Persia for us to come to the FINAL Battle, and fail to stand up before the enemy at the gates, and run them off with one single united stand, as one soul in many bodies! No.

Continued p. 4

Message

Now is the time to unite around the divine institutions given in the Cause and defend them. The households in the faith have the resources, have the material means and have the power, if all unite as one to stave these enemies off, when and only when we do this as a single united force. As one mind and one purpose the enemy shall be routed out, until finally all the world is covered with the knowledge of God and all people are educated into one Kingdom, His Kingdom that has been promised from time immemorial and from so long ago.

This attack comes now from the source and "focal Center of Hate" (W&T, p. 8), because WE have been winning! We have been gathering the 144,000! We have been projecting into the entire world. The fame of the Cause since the 9-11 we have accurately predicted has caused the renown of the faith and the identity of the third Guardian to be made known all throughout the earth in the Baha'i world. For this reason they are moving to shut us down in this teaching effort. They have attacked both the second International Baha'i Council and the living Guardian and in doing so they have attacked every individual Baha'i free to worship God and teach His Cause. They have sought to take away all our abilities to teach on the Internet (and in any and all public and private forums), demand the immediate surrender of the uhj.net website to their power so that they should control and have monopoly on the name "Baha'i" and that ring on the web.

We will not allow this. There shall be no monopoly for them or for anyone. The franchise to teach is sacred, and the way to deal with the violators is to shun and ignore them, not deprive them of their first amendment freedoms. But the evil one does not want two sides to the issue! No. For as the Master has said through the clash of opposing views the spark of truth shall be made known. Thus they must move now and swiftly, to nip us in the bud, as we are the fastest growing religion in the world, the true faith of God revealed by the Pen of the All-Father (Baha'u'llah) and established by the return of Jesus himself!

We are the original apostles and disciples of Jesus returned. Whether like Matthew and John who met him in the flesh, or like Paul and Luke raised up by his power from beyond the grave. Who else has been willing to align their will that of God's in this day, and sacrificing fame, fortune, material ease and material comfort as well as reputation in our local communities and friends and family alike, take a stand as a true believer in the Cause of God and in this message at this time!

The attack documents have been uploaded into the files section of People of Baha for all to read in the section "Covenant-breakers Attack!" Likewise the Supreme Court Decision of New York State given to me by the Lamb, so many, many years ago, to win this very battle we both anticipated and carefully used to draw out the enemy to throw him in the lake of fire, is uploaded and posted as well.

Read these documents and know that our entire Baha'i way of life and that of all free peoples of the world terrorized by the "king of terror" and his "home land security" hangs in the ultimate balance of this case!

The Will and Testament in Court! Armageddon rages on every side. Should the US fail to uphold our rights (and violate their own constitution and first Amendment freedoms), what could be surer sign of a fruitless tree fuel fit for the fire.

In service,

Baha'i World Center "automated"

By Alex

August 29, 2003

Dear friends,
Below you find my letter of 'resignation' to secretariat of Baha'i World Center to give you an idea how they deal with you when you come over the wall and through the Gates in the Kingdom. It's a very impersonal approach, not even to attempt pulling me back by getting into a dialogue. I wonder if I am labeled a 'covenant breaker' by their fake UHJ or would I get official notice of that? I had to laugh because I had hoped to speak to a human, instead they are automated only. Seems they have robots at the helm or would you call them perhaps 'stewards' now that their hands get so few and scared because they know their own lie. Their hands are unwashed, leprosy is their worst 'cancer', they carry the worst of all sins. They call God a liar because He would have changed His Covenant by ignoring His Promise to David, that David's Throne is forever. David's ancestors, with One on the Throne today, will be the Kings of the Kingdom of God on Earth. They are the Signs of God for that particular period of time, the presidents of succeeding elected UHJ's, the executive branches, the Guardians in this Day and the days to come.

This was my first letter to BWC and their response:

Dear reader,
Through independent investigation of the truth I found out that so called Universal House of Justice at Mount Carmel is fake because there is no descendant of king David on the throne. The Hands got rid of the guardianship and by so doing became the seventh head of the beast and destroyed almost the Baha'i faith. With the upcoming catastrophes a meteor will strike earth in the Mediterranean and will wipe of Covenant breakers of Mount Carmel. I tell you this hoping you will investigate this warning and invite you to investigate the Truth independently. That is what Baha'u'llah encouraged you to do. Just study Abdu'l Bahá's Will and Testament and the book of the Covenant of Baha'u'llah. If you want to know about the seventh angel and Establisher of the Baha'i Faith please visit websites mentioned in attachments.

I sincerely hope I hereby have saved a soul, not knowing who will read this message, hopefully a volunteer who never realized what is really going on like I never knew for nine years. Like all previous religions, the Baha'i Faith got corrupted and apostate after the Hands of the Cause took over command after Shoghi Effendi passed on. Just investigate and please take my name out of the administration,

which is not from Baha'u'llah at all neither!!! I am a very happy Baha'i under the provisions of the Covenant now and I do not want to be associated with a bogus U.H.J. at all anymore. May God have mercy on the millions that got astray by blindly following the mass and have not passed God's test!! I am in the Kingdom, please do yourself a favor and save your soul and that of your love ones, just by looking into this matter for a few minutes. You have nothing to loose and hopefully you will contact me for more information.

I hereby wish you God's speed
Allah'u'Abha

Indictment

Thus this issuing of the Indictment, the Judgement issued by the Lamb, in its final legal enforceable form, this Year, will prove to be very significant in the course and consequences of the Cause, as the Great Projection (which has already begun within the Baha'i world as of Sept. 21, 2001) shall soon cross over into that of the world at large as world events escalate in this crisis and imbalance created by the projection of the Covenant and the identity of the Davidic Kingship into the minds and hearts of all the people of the world who are all affected by this momentous occasion. ب

The Day is Near

By Jonah

There can never be worship
without sacrifice

To live a life of wants without
giving back
will never suffice

Amidst the hoards, the masses
that always take and take
and are surrounded with each
and every clutching vice

And no blame is taken for
actions
merciless actions upon the
innocent
That of ridicule and
backstabbing
of selfish ways
of hate and lust

It is all the greatest tool of the
demonic commandments
And the fate of a people
doomed to die a useless death

And the trust and love
all squandered
in exchange for an illusion of
paradise

And when the fog clears
and the Truth reveals what is
underneath
flipped around from what
before appeared
to be an ecstatic freedom

and is now only an eternal
prison
And what so many don't realize

being blinded by the works
of the Father of Deceit

is that we make the choice to
bring hell to earth
or to make it real

and take the steps needed
to reclaim the True Paradise
that we were given
to take care of
at the Dawn of Creation
A New Dawn Has Risen

The time is passed when we
can turn away
The True Day is soon to be
upon us

Beware beguiling
seducing spirits
Followers of Lie
For the Coming is Near

We must all prepare for Heat of
the New Day
It is near

There is no time to waste

I hope that this finds all of you
as excited as I am to be a part
of something so magnificent as
the Cause of God as come
closer and closer to the Great
Change.

With love and respect,
always together in service,
Jonah

Portraits Needed

The Colorado Community is requesting that people send in portrait photos of themselves for a type of Baha'i Yearbook. This Book is to be a photo collection of all the outstanding believers from the time of the Bab to the present day. It will include the pictures of the family of Baha'u'llah, the believers in the heroic, formative and now first epoch of the golden age of the faith. It will have photos of important artifacts and relics of the Bab, Baha'u'llah and 'Abdu'l-Baha, as well as photos maps and charts of their lives, places they lived and their exiles and travels. When people see this book, they will see the photographic and historical connection of the people of the Covenant down throughout the decades of the first two centuries of the Baha'i faith. This type of visual teaching tool will establish a continuity that will invigorate the people when they are able to see the connection between themselves and the Manifestation of God to Whom we are still so close to in these days.

The Christians would give their right arms for just such a book linking them to John the Baptist and Jesus Christ which they cannot do and do not have. Through the integrity of the Covenant, the progress of the Cause and its Successorship is so clear, that this documentary book of photographs, is a great visual and enhancement to the spiritual connection and proofs from the Will and Testament of the Davidic kingship, showing that the Baha'is of today are really the heirs and successors to Baha'u'llah and 'Abdu'l-Baha in this glorious Cause.

Photo portraits for the documentary may be sent to the Colorado Council P.O. Box.

Colorado Center Project Update

Many thanks to those of you who have offered time and money toward expanding the Colorado Baha'i Center; your help is much appreciated. As many of you might be wondering, following is a brief synopsis of its progress.

Installation of electrical work has been completed. Contributions received by the Colorado Community paid for supplies, which was spent on the electrical parts, drainage and vent pipes, installed by two community members. Framing is almost done, with only a few details left.

The Center project still needs funds for the drywall, mud, tape and paint as well as for the plumbing project (pipes, valves and hot water heater). Those that have contributed to the Center Fund will either be reimbursed in the long run, or their donation will eventually be forwarded to the Covenant Defense Fund, along with any extra beyond the supplies for the project.

At this time, the Colorado Community is looking into a project for next year, that would take care of the housing situation for people traveling to the school for classes as it could use designated room in that space for a pilgrim house.

The Faith at this time is moving out of this period of consolidation ushered in by the 9-11 and "coming forth of the branch" and is now moving into a phase of expansion. The finishing of the Center project in Co., and the publication of our literature are both at the forefront of the expansional progress of the faith.

Roaring Fork Valley to hold Baha'i Symposium

By Colin

The Baha'is of the Roaring Fork Valley of Colorado have scheduled a public outreach teaching effort for the first Saturday in December at the public library in Glenwood Springs. It is going to be called "Baha'i Symposium."

After consultation, those participating decided that many short talks in an informal atmosphere over the course of an afternoon would be a good way to present our message to the public at this time. The plan is to have six or seven twenty-minute talks given throughout the day, with a question and answer period, and time to meet and socialize with the Baha'is between each talk. We plan to have literature available as well as snacks and beverages.

Unity in diversity is what we hope to demonstrate by presenting our message in this way. The Baha'i message is comprehensive and covers many subjects uniting seemingly different areas. By giving folks a taste of some of these diverse themes we hope to reach a wider audience of those souls seeking the waters of everlasting life.

Another reason for the Baha'i Symposium is to dispel some of the myths and misunderstandings about our Cause. The Baha'i Faith is well known in this valley, but its essential features still remain a mystery to many. By making our information and literature publicly available in this way, people who have been curious can have their questions answered, and the misunderstandings can be dismissed.

Some of the talks we plan to give include: Basic Baha'i History/the Twelve Principles; a Oneness of Humanity talk demonstrating prophecy fulfillment from different religions and cultures; New Jerusalem in the Rocky Mountains; the Harmony of Science and Religion using archeological evidences among others; and Abraham: Father of a Multitude.

Check an upcoming issue for a full report of our endeavor. We will be videotaping and hope to have an edited copy of the talks available at a future time. We ask all the friends to pray for our success! ب

EDITORIAL

Dear Friends,

I hope this issue finds you well. By now most of you should have received your first issue; I apologize for the delay for some of you. Hopefully we'll be ironing out the wrinkles in production and mailing so that you will all have your issues in your mailbox within a week or so of the issue date.

Someone wrote and asked about the Arabic symbol ب that appears at the end of articles. To my understanding the symbol represents the letter "B" or "BE" which has deep significance for the People of Baha, as "BE" signifies Point of Unity.

"Magnify Thou, O Lord my God, Him Who is the Primal Point, the Divine Mystery, the Unseen Essence, the Day-Spring of Divinity, and the Manifestation of Thy Lordship, through Whom all the knowledge of the past and all the knowledge of the future were made plain, through Whom the pearls of Thy hidden wisdom were uncovered, and the mystery of Thy treasured name disclosed, Whom Thou hast appointed as the Announcer of the One through Whose name the letter B and the letter E have been joined and united, through Whom Thy majesty, Thy sovereignty and Thy might were made known, through Whom Thy words have been sent down, and Thy laws set forth with clearness, and Thy signs spread abroad, and Thy Word established, through Whom the hearts of Thy chosen ones were laid bare, and all that were in the heavens and all that were on the earth were gathered together, ..." (Baha'u'llah, Prayers and Meditations by Baha'u'llah, p. 84)

"Dispute not with the One at Whose bidding the letter "B" was created and joined with its mighty foundation. (Baha'u'llah, The Summons of the Lord of Hosts, p. 31)"

"Understand in the same way the beginning of the manifestation of the Bayan during forty days no one but the letter Sin believed in B. It was only, little by little, that the Bismi'llahu'l-Amna'u'l-Aqdas clothed themselves with the garment of faith until finally the Primal Unity was completed. Witness then how it has increased until our day." ("Le Bayan Persan," vol. 4, p. 119.) (Shoghi Effendi, The Dawn-Breakers, p. 66)

Triumph of the Cause

He is God!

O Lord, my God, my Well-Beloved!

These are servants of Thine that have heard Thy Voice, given ear to Thy Word and hearkened to Thy Call. They have believed in Thee, witnessed Thy wonders, acknowledged Thy proof and testified to Thy evidence. They have walked and Thy ways, followed Thy guidance, discovered The mysteries, comprehended the secrets of Thy Book, the verses of Thy Scrolls and the tidings of Thy Epistles and Tablets. They have clung to the hem of Thy garment and held fast unto the robe of Thy light and grandeur. Their footsteps have been strengthened in Thy Covenant and their hearts made firm in Thy Testament. Lord! Do thou kindle in their hearts the flame of Thy divine attraction and grant that the bird of love and understanding may sing within their hearts. Grant that they may be even as potent signs, resplendent standards, and perfect as Thy Word. Exalt by them Thy Cause, unfurl Thy banners and publish far and wide Thy wonders. Make by them Thy Word triumphant, and strengthen the loins of Thy love ones. Unloose their tongues to laud Thy Name, and inspired them to do Thy holy will and pleasure. Illumine their faces in Thy Kingdom of holiness, and perfect their joy by aiding them to arise for the triumph of Thy Cause. Lord! Feeble are we, strengthen us to diffuse the fragrances of Thy Holiness; poor, enrich us from the treasures of Thy Divine Unity; naked, clothe us with the robe of Thy bounty; sinful, forgive us our sins by Thy grace, Thy favor and Thy pardon. Thou art verily the Aider, the Helper, the Gracious, the Mighty, the Powerful.

The glory of glories rest upon them that are fast and firm.

—'Abdu'l Baha

The Sun of Truth, that most great Light, has set upon the horizon of the world to rise with deathless splendor over the Realm of the Limitless. In His most holy Book He calleth the firm and steadfast of His friends: "O peoples of the world! Should the radiance of My beauty be veiled, and the temple of My body be hidden, feel not perturbed, nay arise and bestir yourselves, that My Cause may triumph, and My Word be heard by all mankind."

(‘Abdu'l-Baha; Baha'i World Faith, p. 349)
